Ultra Electronics  
7625 Omnitech Place  
Victor, NY 14564

To Whom It May Concern:

This communication is to verify that HealthWorks Occupational Health Program, a department of Thompson Health, serves as the workplace medical resource for your organization. Included in this service is the provision of all drug and alcohol testing to assure compliance with both Department of Transportation (DOT) and Federal Aviation Administration (FAA) regulations.

All HealthWorks drug and alcohol testers are DATIA certified breath alcohol technicians and certified specimen collectors.

HealthWorks also serves as the medical repository for all of the screening and medical services rendered for Ultra Electronics.

If there are questions related to this, I can be reached at 585-924-1550.

Regards,

Robert Carlson, M.P.A.  
Director
